

Inmate Wages and Deductions

In fiscal year 2011 inmates earned \$8,899,767 in wages. The chart below shows the total wages paid to ACI inmates over the last ten fiscal years; a noteworthy \$62 million.

Inmate wages offset the tax burden of room and board and contribute to the General Fund. In Fiscal Year 2011, inmate deductions to the General Fund were more than 2.4 million dollars. Over the past ten fiscal years, the General Fund has received \$16.7 million through inmate deductions. Below, the chart reflects contributions to the General Fund for Room and Board.

During the current fiscal year other inmate deductions supported the Victim's Compensation Fund (\$16,384), Dependent Support (\$57,091), Court Ordered Restitution (\$99,864), Alcohol Abuse and Treatment Fund (\$69,390), Transition Fee (\$375,076), Miscellaneous Deductions such as disciplinary restitution (\$38,607), as well as inmates paying Arizona State and Federal Income Tax for PIECP Programs (\$18,673). Additionally, qualified deductions go to the inmate's personal retention fund; a fund made available to the inmate for emergency situations while incarcerated and given to them in its entirety upon release as a foundation for their future. This is in addition to any personal savings that the inmate earned.
