

Pressure sensitive, computer cut vinyl letters and numbers are the perfect medium for messages on windows, directories, signs, vehicles, or any other smooth non-permeable surface. We send your legend to you, properly spaced and aligned for application, along with application instructions.

Standard letter heights for computer-cut legends range from 1" to 10" without a seam. Letter heights greater than 10" will be quoted upon request. If font is not specified, we produce your legend in Helvetica. Legends can be cut in a wide variety of premium 3M vinyls and colors as well as in promotional grade vinyls. Custom color matching, which requires screen-printing, is also available at an additional charge.

Non-reflective legends can be produced either forward cut for surface application or reverse cut for application to the inside of windows or glass doors.

Pre-Spaced Legends

The visual effect of all typestyles can be altered by . . .

bolding

italicizing

condensing

expanding

. . . at no additional charge.

We can also . . .

OUTLINE

POSITIVE ARC

NEGATIVE ARC

. . . your copy to your specifications for a modest additional charge. Multiple lines of copy can be . . .

LEFT JUSTIFIED

CENTERED

LINE FOR LINE

RIGHT JUSTIFIED

. . . at no additional charge. Generally, we set material with normal letter spacing. But you can specify tight or wide letter spacing for no additional charge. Or, if you prefer, just tell us how much space you have to fill and we will adjust spacing or letter size to fit.

WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information:

- ❖ Quantity of identical legends
- ❖ Letter height (determined by height of capitals)
- ❖ Font desired
- ❖ Case (upper, lower, or upper and lower)
- ❖ Forward cut or reverse cut
- ❖ Other desired options
- ❖ Color and reflective or non-reflective
- ❖ Size of the area legend will be installed on
