Signs and Engraved Products

## ORDERING INFORMATION

Look for the *"What We Need to Know"* features throughout the catalog for the type of product you wish to order or have quoted. This will tell you the information your Customer Service Representative will need to have to assist you.

To order or to receive a quote from  
Arizona Correctional Industries (ACI).

Call us at **(602) 272-7600**, ask for Customer Service  
Fax us at **(602) 255-3108**, Attention Customer Service

Orders for custom (non-standard) products must be submitted in writing in order to eliminate errors resulting from telephone conversations. Also, orders from individuals or entities not currently having an account with us, must be submitted in writing to authorize us to proceed. Customer Service Representatives will happily write up the order for your signature or obtain layouts from the production facility for your approval.

Terms and conditions of sale and warranty information can be obtained from Customer Service Representatives at the above listed numbers.

Normally, shipping is via ACI transportation and commercial carrier. Under certain circumstances, special arrangements can be made for customer pick-up at ACI Central in Phoenix, the ACI Warehouse at ASPC Florence, or the ACI Sign Shop at ASPC Tucson.

### WHAT YOU NEED TO KNOW

We include basic design and layout service in our prices and have an extensive library of graphic images available. Alternatively, we can use your artwork. Artwork supplied by you needs to be clean, clear, same size or larger, in color and printed on paper or card which can be desktop computer scanned. Professionally printed or laser printer generated versions are most desirable. We can also accept vectorized or line drawn versions on CDs or floppy disks. If adequate time is available and the artwork is very simple, web or faxed images, ink jet or dot matrix images, and BMP or jpeg files may be acceptable. In any case, designs which require more than one rework and resubmission for customer approval, and artwork which requires extensive manipulation or is extraordinarily complex will generate an additional design/setup fee which we will quote on a case-by-case basis.

ACI stocks inks and vinyls in a variety of standard colors. When requesting a specific color be it standard or custom, please include an actual sample of the color, or indicate a Pantone Matching System (PMS) number to which we can refer. Since not all colors can be matched exactly, we will match a color as closely as possible.

#### WHAT WE NEED TO KNOW

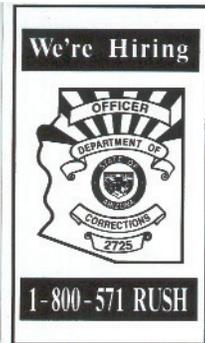

So that we can expedite your quote or order, please provide the following information, along with a sketch of the decal layout:

- Quantity of identical decals
- Decal dimensions (square inches)
- List of colors
- Substrate information (non-reflective, reflective or clear and color if applicable)
- Format information (trimmed sheets, individual squares)

Magnetic signs are rubber coated, magnetic material which is ideal for removable signs, decals, or other markings used on metal surfaces such as vehicles. These signs can be as much as 24" in one direction and virtually unlimited in the second direction. Vinyl letters and graphics are the standard for very small quantities having a simple design. Larger quantities and/or greater complexity of design are usually silk-screened. Prices listed are for single color signs. For each additional color, add 15% to the cost.

Magnetic signs are specifically designed with a magnetic backing to be mounted to a metal surface. These signs are easily applied to any surface that a standard magnet would stick to.

### Standard Sizes Available:

6"x6"			
6"x12"	12"x12"		
6"x18"	12"x18"	18"x18"	
6"x24"	12"x24"	18"x24"	24" x 24"
6"x30"	12"x30"	18"x30"	24"x30"

**Note:** We include basic design and layout service in our prices and have an extensive library of graphic images available. Alternatively, we can use your artwork. Artwork supplied by you needs to be clean, clear, same size or larger, in color and printed on paper or card which can be desktop computer scanned. Professionally printed or laser printer generated versions are most desirable. We can also accept vectorized or line drawn versions on CDs or floppy disks. If adequate time is available and the artwork is very simple, web or faxed images, ink jet or dot matrix images, and BMP or jpeg files may be acceptable. In any case, designs which require more than one rework and resubmission for customer approval, and artwork which requires extensive manipulation or is extraordinarily complex will generate an additional design/setup fee which we will quote on a case-by-case basis.

### WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information, along with a sketch of the decal layout:

- Quantity of Signs identical decals
- Sign or decal dimensions (square inches)
- List of colors
- Corner style (square or rounded)
- Text and graphics (artwork, if appropriate)

Pressure sensitive, computer cut vinyl letters and numbers are the perfect medium for messages on windows, directories, signs, vehicles, or any other smooth non-permeable surface. We send your legend to you, properly spaced and aligned for application, along with application instructions.

Standard letter heights for computer-cut legends range from 1" to 10" without a seam. Letter heights greater than 10" will be quoted upon request. If font is not specified, we produce your legend in Helvetica. Legends can be cut in a wide variety of premium 3M vinyls and colors as well as in promotional grade vinyls. Custom color matching, which requires screen-printing, is also available at an additional charge.

Non-reflective legends can be produced either forward cut for surface application or reverse cut for application to the inside of windows or glass doors.

### Pre-Spaced Legends

The visual effect of all typestyles can be altered by . . .

**bolding**  
**italicizing**  
**condensing**  
**expanding**

. . . at no additional charge. We can also . . .

**OUTLINE**

POSITIVE ARC

NEGATIVE ARC

. . . your copy to your specifications for a modest additional charge. Multiple lines of copy can be . . .

**LEFT JUSTIFIED**

**CENTERED**  
**LINE FOR LINE**

**RIGHT JUSTIFIED**

. . . at no additional charge. Generally, we set material with normal letter spacing. But you can specify tight or wide letter spacing for no additional charge. Or, if you prefer, just tell us how much space you have to fill and we will adjust spacing or letter size to fit.

### Price Per Letter

Letter Height	Non-Reflective	Reflective
SN1801NR or R 1"	\$0.19	\$0.28
SN1802NR or R 2"	\$0.29	\$0.35
SN1803NR or R 3"	\$0.33	\$0.48
SN1804NR or R 4"	\$0.38	\$0.64
SN1805NR or R 5"	\$0.45	\$0.86
SN1806NR or R 6"	\$0.54	\$1.12
SN1807NR or R 7"	\$0.64	\$1.43
SN1808NR or R 8"	\$0.76	\$1.79
SN1809NR or R 9"	\$0.89	\$2.18
SN1810NR or R 10"	\$1.05	\$2.65

The length of the legend will depend on the number of characters it contains.

### WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information, along with a sketch of the decal layout:

- Quantity of identical legends
- Letter height (determined by height of capitals)
- Font desired
- Case
- Forward cut or reverse cut
- Other desired options
- Color and reflective or non-reflective
- Size of the area legend will be installed on site

Vinyl letters and numbers are available in your choice of reflective or non-reflective finishes. Single piece vinyl letters and numbers are self sticking for easy one-step application. These letters and numbers provide quick professional looking results.

### Non-Reflective Vinyl

### WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information.

- Quantity of identical letters
- Sign or decal dimensions (square inches)
- List of colors
- Corner style (square or rounded)
- Text and graphics (artwork, if appropriate)

Let ACI be your source for high-quality, durable, and economical vehicle and fleet graphics.

Whether identifying official vehicles or advertising commercial products and services - no matter how large or small the fleet - turn to ACI. We manufacture the highest quality 3M vinyl fleet markings, precise computer-cut graphics in multiple sizes, multicolor or custom color matched. Application over rivets or corrugations or application of large-scale graphics is no problem with positionable 3M Controltac™ vinyl. Your graphics can even be read at night by using 3M Scotchlite™ reflective vinyl -- not only a memorable, high-impact graphic treatment but also an added measure of safety during night driving.

Graphics applied by ACI are highly resistant to cracking, peeling and fading!

Our design team can take graphics from raw concept to finished artwork. From a general design for the truck shown above, our artists created eye-catching graphics for this fleet.

#### WHAT WE NEED TO KNOW

Pricing is determined by amount and type of material required and man-hours to fabricate and install. Additional man-hours are assessed if removal of old graphics is necessary. Therefore, it is difficult to quote a firm price in advance, but a best guess estimate can be provided if desired. In order to make the estimate, we need the following information:

- Make, model, and year of vehicle
- Description of graphics package desired
- Colors and type (reflective or non-reflective) of material

Style A

Style B

Style C

Street name signs in a variety of styles, sizes and colors are available to match existing community standards. Normally, street name signs are .080 aluminum substrate, reflective and double sided without holes, and copy is upper and lower case in white on green background. Street name signs can also be customized with cut vinyl or screen-printed logos or graphics (quoted upon request).

Street signs provide easy visibility day or night. Our standard signs are made from durable .080 aluminum using a green background and white reflective copy.

Signs are double-sided in a choice of three standard heights: 6", 8", 9"

- 18" length
- 24" length
- 30" length
- 36" length
- 48" length

We offer a number of signs which are of particular interest to school administrators for use in and around their campuses. Each of these is available in various sizes. Most standard signs are constructed with .080 aluminum, engineer grade reflective sheeting, and round corners. Holes are provided upon request. Fluorescent yellow/green diamond grade sheeting is available for S1-1, S2-1 crosswalk signs. Diamond grade sheeting can be applied on other signs as well. Please call for a quote.

### WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information, along with a sketch of the sign layout:

- Quantity of identical signs
- Sign dimensions (width x height)
- Corner Style (square or rounded)
- Number and Placement of holes if desired
- List of Colors, Text and graphics

### STOP SIGN HAND PADDLES

These lightweight octagonal signs are made of aluminum and come with a 6" metal handle that is easy to hold. Signs are double faced and perfect to use at school crosswalks.

Product Code	Description	Size	Each	2 - 5	6 - 24
SNSTOP15H	Stop Sign With Handle	15"	\$34.92	\$24.65	\$18.50
SNSTOP18H	Stop Sign With Handle	18"	\$38.40	\$25.14	\$23.44

We offer any traffic control sign, in the standard size you require, formatted in accordance with the federal standards contained in the Manual of Uniform Traffic Control Devices. The signs we manufacture are .080 aluminum with 3M reflective, Engineer Grade Sheeting.

48" x 48" 36" x 36"  
30" x 30" 24" x 24"

ACI introduces Graffiti Coating for signage. This new process utilizes a clear film or spray protectant, that is applied to the signs after completion, to protect them from excessive dirt and reduce the effects of vandalism and graffiti.

Arizona Correctional Industries provides quality signs to commercial and industrial businesses and government agencies throughout the state. Along with our standard sign products, we work with our clients to develop specific sign systems to meet their individual needs. The ACI Sign Division is staffed with highly trained employees that utilize the latest computer-aided design and manufacturing equipment to ensure top quality, cost effective signage. The most popular metal grades for these signs are .040, .063 and .080 aluminum and are available with either a painted finish or coated with reflective or non-reflective vinyl sheeting. Pricing is for single color signs only. For multi-color signs please add 15% for each additional color in your design.

### .040 Aluminum

For signs that require indoor or light outdoor use. This metal is thin and requires a strong mounting surface such as a wall or fence in order to prevent the sign from rippling or warping.

48" X 96"	\$269.89				

**Note:** We include basic design and layout service in our prices and have an extensive library of graphic images available. Alternatively, we can use your artwork. Artwork supplied by you needs to be clean, clear; same size or larger; in color and printed on paper or card which can be desktop computer scanned. Professionally printed or laser printer generated versions are most desirable. We can also accept vectorized or line drawn versions on CDs or floppy disks. If adequate time is available and the artwork is very simple, web or faxed images, ink jet or dot matrix images, and BMP or jpeg files may be acceptable. In any case, designs which require more than one rework and resubmission for customer approval, and artwork which requires extensive manipulation or is extraordinarily complex will generate an additional design/setup fee which we will quote on a case-by-case basis. ACI stocks inks and vinyls in a variety of standard colors. When requesting a specific color be it standard or custom, please include an actual sample of the color, or indicate a Pantone Matching System (PMS) number to which we can refer. Since not all colors can be matched exactly, we will match a color as closely as possible.

## .080 Aluminum

For signs that require outdoor use. This heavy gauge metal is designed for post mounting and has an anodized finish meeting all MUTCD standards for regulatory signs.

### WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information, along with a sketch of the sign layout:

- Quantity of identical signs
- Sign dimensions (width x height)
- Corner Style (square or rounded)
- Number and Placement of holes if desired
- List of Colors, Text and graphics
- Text and graphics (artwork, if applicable)

## Arizona State Game & Fish Wildlife Sign

In addition to Arizona Correctional Industries' standard sign production, we also work closely with our clients to customize signs to their individual requirements. Whether you have a concept, or no idea where to start, the ACI sign division will use its expertise and experience to design your signs. Don't let custom sizes, hard to match colors, or complex artwork prevent you from having the sign you want.

## Graffiti Coating for Signage

This process utilizes a clear spray protectant that is applied to signs after completion to protect them from excessive dirt and reduces the effects of vandalism and graffiti. Graffiti coating also protects against fading from ultraviolet light.

## What is the Fastest Land Animal in Arizona?

Pronghorn antelope depend upon their speed, which can reach 50 mph, to escape predators. They also have excellent eyesight, about seven times better than a human's. Using these two features, they live comfortably in grasslands and open pinyon-juniper woodlands.

Antelope fawns are born without a scent, which is nature's way of protecting them from predators. They hide by lying low and motionless in the grass until they are strong enough to run with their mother, which usually occurs only a few days after birth.

Because of continued human development and coyote predation in grassland habitats, pronghorn numbers have been declining in Arizona. Good habitat is the key to wildlife survival. For a wildlife population to sustain itself, there must be suitable habitat to support a viable breeding population, not just a few individuals.

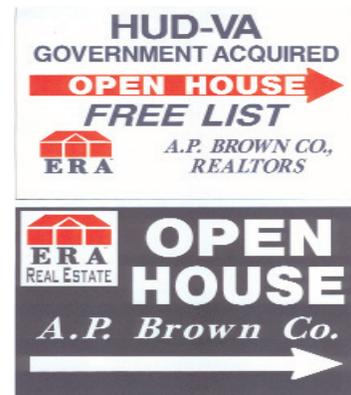

### Horns or Antlers?

Antelope have horns instead of antlers because they are born without the velvet that covers antlers. They are shed annually in the winter.

Both species have horns. In a few days after birth, a buck's horns can reach 18 to 28 inches in length.

These 24 gauge steel signs are a quality product, yet offered at an economical price. They come with a double sided, white, baked enamel finish for lasting durability. These signs are available in any size up to 24" x 36". Vinyl letters and graphics are the standard for very small quantities. Larger quantities are usually silk-screened. They are perfect for mounting on doors, fences and walls or hanging on stands and frame systems. Prices listed are for single color signs. For each additional color add 15% to the cost.

### WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information, along with a sketch of the sign layout:

- Quantity of identical signs
- Sign dimensions (width x height)
- Corner Style (square or rounded)
- Number and Placement of holes if desired
- List of Colors, Text and graphics
- Text and graphics (artwork, if applicable)

**Note:** We include basic design and layout service in our prices and have an extensive library of graphic images available. Alternatively, we can use your artwork. Artwork supplied by you needs to be clean, clear, same size or larger, in color and printed on paper or card which can be desktop computer scanned. Professionally printed or laser printer generated versions are most desirable. We can also accept vectorized or line drawn versions on CDs or floppy disks. If adequate time is available and the artwork is very simple, web or faxed images, ink jet or dot matrix images, and BMP or jpeg files may be acceptable. In any case, designs which require more than one rework and resubmission for customer approval, and artwork which requires extensive manipulation or is generate extraordinarily complex will an additional design/setup fee which we will quote on a case-by-case basis.

Engraved nameplates are made of laminated plastic, marble finish or metal. They are available in a wide range of colors and sizes. Unless otherwise specified laminated plastic will be used, names and departments will be capital letters, titles will be in upper and lower case letters and all text will be in Block Normal font. (see sample pages for color) They can be ordered with or without your choice of adhesive, magnetic or Velcro backing.

## Plastic

Product Code	Description	Size	Each
EN0008	Laminated Plastic Nameplate	2" X 8"	\$3.00
EN0010	Laminated Plastic Nameplate	2" X 10"	\$3.60
EN0013	Laminated Plastic Nameplate	1" X 10"	\$3.00
EN0014	Laminated Plastic Nameplate	1.5" X 10"	\$3.30

## Metal

Product Code	Description	Size	Each
EN0008M	Metal Nameplate	2" X 8"	\$6.00
EN0010M	Metal Nameplate	2" X 10"	\$8.25
EN0011	Metal Nameplate	1-1/2" X 10"	\$8.00
EN0012	Metal Nameplate	1" X 10"	\$7.50

## Options

Product Code	Description	Each
EN0000L	Additional Line On Nameplate (EN0008,EN0010)	\$1.25
EN0000LA	Adhesive Backing For Nameplates/Wallplates	\$0.80
EN0000LMB	Magnetic Backing For Nameplates/Wallplates	\$0.80
EN0000LY	Velcro Backing For Nameplates/Wallplates	\$0.80

- Text and graphics (artwork, if applicable)

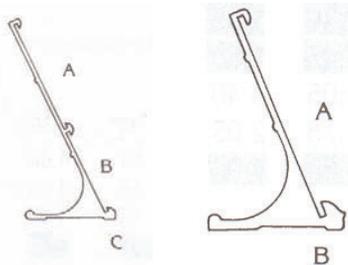

**Note:** We include basic design and layout in our prices and have an extensive library of graphic images available. Alternatively, we can use your artwork. Artwork supplied by you needs to be clean, clear, same size or larger, in color and printed on paper or card which can be desktop computer scanned. Professionally printed or laser printer generated versions are most desirable. We can also accept vectorized or line drawn versions on CDs or floppy disks. If adequate time is available and the artwork is very simple, web or faxed images, ink jet or dot matrix images, and BMP or JPEG files are acceptable. In any case, designs which require more than one rework and resubmission for customer approval, and artwork which requires extensive manipulation or is extraordinarily complex will generate an additional design/setup fee which we will quote on a case-by-case basis.

ACI stocks inks, vinyls, laminated plastics, and metals in a variety of standard colors. When requesting a specific color be it standard or custom, please include an actual sample of the color, or indicate a Pantone Matching System (PMS) number to which we can refer. Since not all colors can be matched exactly, we will match a color as closely as possible.

Nameplate holders are available in four styles. All holders are anodized aluminum and can be ordered in your choice of gold or silver finish.

### Desk Holders

Sign holders for the desk are designed in many styles and sizes. Holders are highly polished and anodized in polished gold or polished silver, enhancing any décor. Styles and sizes are indicated by part number and length.

EN0023, EN0024

EN00488, EN004810

### Sizes

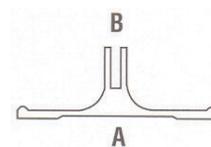

Product Code	A	B	C	Description	Length	Each
EN0023	2"	1-1/2"	1/16"	Dual Deskplate Holder	9"	\$9.00

All places of public accommodation and commercial facilities are now required to have interior and exterior signage that meets ADA requirements. ACI has a full line of Braille and raised-letter signs to accommodate your building. ACI recognizes that people differ in size, age and ability, and our product designs embrace these differences. Our design method meets the need of all our customers. ADA signs are available individually or with a frame: both are available in any color combination and in a number of standard sizes.

Product Code	Description	Size	Each
ADAF0204	ADA Sign With Frame	2" X 4"	\$11.00
ADAF0208	ADA Sign With Frame	2" X 8"	\$12.50
ADAF0209	ADA Sign With Frame	2" X 9"	\$11.00
ADAF0210	ADA Sign With Frame	2" X 10"	\$12.50
ADAF0404	ADA Sign With Frame	4" X 4"	\$13.00
ADAF0408	ADA Sign With Frame	4" X 8"	\$13.00
ADAF0410	ADA Sign With Frame	4" X 10"	\$13.50
ADAF0412	ADA Sign With Frame	4" X 12"	\$14.00
ADAF0413	ADA Sign With Frame	4" X 13"	\$17.50
ADAF0606	ADA Sign With Frame	6" X 6"	\$13.00
ADAF0608	ADA Sign With Frame	6" X 8"	\$15.00
ADAF0609	ADA Sign With Frame	6" X 9"	\$15.00
ADAF0612	ADA Sign With Frame	6" X 12"	\$17.50
ADAF0808	ADA Sign With Frame	8" X 8"	\$22.00
ADAF0909	ADA Sign With Frame	9" X 9"	\$22.00
ADAF1212	ADA Sign With Frame	12" X 12"	\$36.50

Product Code	Description	Size	Each
ADAO204	ADA Sign Without Frame	2" X 4"	\$6.50
ADAO208	ADA Sign Without Frame	2" X 8"	\$8.00
ADAO209	ADA Sign Without Frame	1-3/4" X 9"	\$6.50
ADAO210	ADA Sign Without Frame	2" X 10"	\$8.00
ADAO404	ADA Sign Without Frame	4" X 4"	\$8.50
ADAO408	ADA Sign Without Frame	4" X 8"	\$8.50
ADAO410	ADA Sign Without Frame	4" X 10"	\$9.00
ADAO412	ADA Sign Without Frame	4" X 12"	\$9.50
ADAO413	ADA Sign Without Frame	4" X 13"	\$13.00
ADAO606	ADA Sign Without Frame	6" X 6"	\$8.50
ADAO608	ADA Sign Without Frame	6" X 8"	\$10.50
ADAO609	ADA Sign Without Frame	6" X 9"	\$10.50
ADAO612	ADA Sign Without Frame	6" X 12"	\$13.00
ADAO808	ADA Sign Without Frame	8" X 8"	\$13.00
ADAO909	ADA Sign Without Frame	9" X 9"	\$16.00
ADAO912	ADA Sign Without Frame	9" X 12"	\$21.35
ADA1212	ADA Sign Without Frame	12" X 12"	\$26.70

**Note:** ADA recommends a 70% color contrast factor in all engraved signs: for example, a red sign with white letters is considered high contrast and is preferred over a less contrasting color combination such as a white sign with beige letters. Also, ADA says that the raised-lettering must be at least 5/8" to meet the standard.

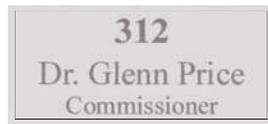

### WHAT WE NEED TO KNOW

So that we can expedite your quote or order, please provide the following information:

- Quantity of identical name signs
- Part number
- Colors
- Text and symbols

Engraved signs are made of laminated plastic. They are available in a wide range of colors and sizes. Unless otherwise specified all text will be in Block Normal font.

**WHAT WE NEED TO KNOW**

So that we can expedite your quote or order, please provide the following information:

- Quantity of identically sized signs
- Sign Dimensions (width x height)
- List of colors
- Text and graphics (artwork if applicable) for each individual sign

We provide a wide range of standard products, as well as custom plaques and awards. Our rotary and laser engraving services combined with our silk screening capabilities can provide a truly individual design. Wood plaques are usually fitted with solid or marbled metal plates which have been engraved according to your directions. Unless you tell us otherwise, the engraved metal plate will be backed with a gold colored backing plate, and both will be attached to the plaque with four corner rosettes. Alternatively, your graphics and text can be directly lasered into some wood plaques instead of engraved onto metal plates. The default font is Goudy Regular.

## Arizona Shaped Wood Plaques

Designed for laser engraving directly on plaque

Product Code	Description	Size	Each
PLO404	Walnut Veneer With Black Edge And Metal Faceplate	7-7/8" X 9"	\$19.05

**Billing Information:**  
Fill this area out completely in order to assure that your invoice will be billed to the correct address

**Product Codes:**  
List the product codes for the items you are ordering in the space provided. Use SN for signs, EN for engraving, DC for decals and PL for plaques & awards.

**Quantity:**  
Indicate the quantity ordered in the space provided.

**Description:**  
Giving a part description will help us make sure that the product code and description match. Indicate what the sign will say, include sample verbiage wherever applicable.

**Shipping Information:**  
This information is crucial when attempting to deliver your order. Please include a contact person and a current phone number.

**Size/Style/Color:**  
This is a crucial step in the ordering process. Without colors, finishes, or sizes, your order cannot be completed. Indicate gauge of metal type of engraved material and plaque colors as well as sizes and shapes.

**Unit Price/Total Price:**  
by using the unit and total price fields, potential errors can be identified and corrected before items might be made incorrectly.
