MPDC-4079 6 Man Rectangular Table

The MPDC-4079 6 man Rectangular Table is built for institutional and commercial use and is well suited for dining areas, break rooms and outdoor spaces.

This heavy duty table is shipped as 1 piece, fully welded and ready for installation. 4 or 8 seat tables are also available.

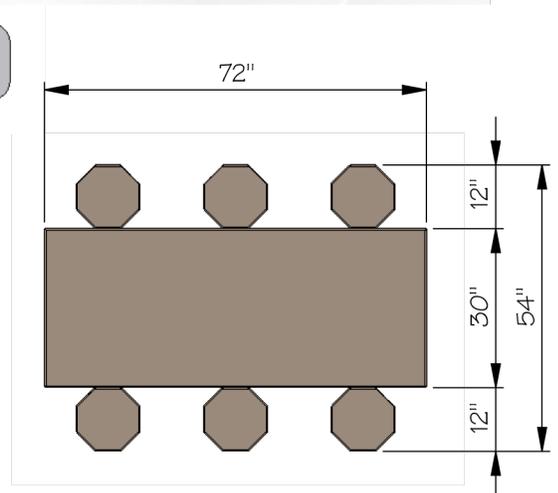

The top is 10 ga. steel with a 1 5/8" lip around the edge. The 12" octagonal seats are welded to 2" x 3" rectangular steel tube seat supports with 1/4" steel baseplates

The 2" x 3" rectangular steel tube frame is extremely sturdy and the entire table has a powdercoat finish. All tables must be anchored to the floor with 1/2" x 3 3/4" wedge anchors which are provided with the table.

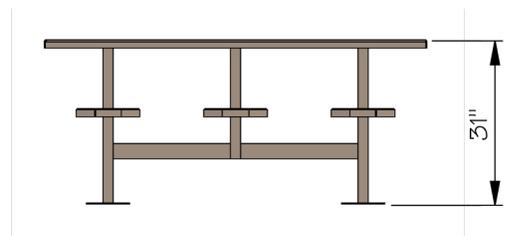

Powdercoat colors can be selected from manufacturers standards.

Shipping weight is approx. 212 lb.s

Contact your ACI area sales representative at ph. 602-272-7600 for pricing, availability and quantity price discounts.
