When you first see the Luxo, you'll notice its obvious good looks—the professional styling and appealing profile. And then you sit in it. You feel how soft it is. Supple. It's not just comfortable. It is luxurious. Like leather, but much more durable and affordable.

We call it *LeatherSoft* upholstery, a revolutionary new material that gives you the elegance and feel of leather, without the cost and maintenance. Woven together with the smooth action seat mechanism and the 3 point pivot arms the comfort experience is unparalleled. It's another innovation brought to you by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

**LeatherSoft**

This luxurious upholstery is softer and more durable than leather, and requires less maintenance.

**Contoured Back**

Provides the ultimate in lumbar and back support.

**Molded Seat with Waterfall Front**

The molded seat includes a knee-tilt mechanism, ensuring all-day seating comfort and allowing your feet to remain on the floor even as you recline. The waterfall front edge reduces leg pressure.

**Arms of Steel**

The steel arms have a 3 point pivot action for ideal arm support no matter what position the seat is in; the soft polyurethane arm pads ensure arm comfort while protecting the chair and table when not in use.
