

Vinyl Letters, Numbers, Legends Order Worksheet

Pressure-sensitive, computer-cut vinyl letters and numbers are the perfect medium for messages on windows, directories, signs, vehicles or any other smooth, non-permeable surface. We send your sign to you properly spaced and aligned for application, along with application instructions.

Standard letter heights for computer-cut signs range from 1" to 10" without a seam. Letter heights greater than 10" will be quoted upon request. If font is not specified, we produce your legend in Helvetica. Legends can be cut in a wide variety of premium vinyls and colors as well as in promotional grade vinyls.

Non-reflective legends can be produced either forward cut for surface application or reverse cut for application to the inside of windows or glass doors.

____ of identical signs (use a new worksheet for different signs)
