The new standard in today's office

Today's work environment is becoming more intricate each day and greater demands are being placed on the products that furnish them.

Enter SYNC the new generation task chair economically bringing together function and form.

This dynamic chair includes all the required task chair functions, comfort, ergonomic support, adjustable seat height, depth adjustable back, multifunctional arms with syncro movement all as a standard.

Its thin profile and mesh back adds to its minimalist look, while its small footprint makes sure it is suitable for all today's work areas.

Mesh Back

Contours and supports the back for maximum ergonomic support. Mesh material allows for ventilation and the dissipation of body heat.

Fully Adjustable Arms

Armrests with soft arm pads can be adjusted into a number of positions from width to height and they even rotate.

Adjustable Seat Depth

The adjustable back enable the seat depth to be controlled enabling both smaller and larger people to sit comfortably.

Tension Adjustment

The tension to the synchron type mechanism enables the chair to comfortably support people of differing weights.

Upholstered Seat

Soft and plush, the comfortable upholstered seat provides longer hours of comfortable sitting. The waterfall front edge of the seat helps reduce stress to your legs.

ergonomics & economics
 harmoniously co-exist in a chair

SW9840

The Seatwise Task is the natural chair for your office. It responds to you—your size, form, even work—regardless of where you are doing your sitting. The backrest actually moves with you, responding dynamically as you go about your work day. It's simple to use, combining ergonomics, looks and affordability.

And it's made by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

Contoured Seat and Back

Provides body-countoured support while you sit. The seat waterfall front edge reduces leg pressure.

Dynamic Support

Backrest angle with tension adjustment supports the back dynamically as you move, or can be locked into your preferred position.

Adjustable Backrest

Simple touch-latch backrest height adjusts 4" for optimal lumbar support.

5-Star Base

Flat top provides comfortable feet support.

versatile seating

for here, there and everywhere

How best to describe a chair that makes seating what it should be—simple? A chair that works in your office, or in a conference room, or in that small space you call a huddle room, and has the appealing looks and comfort features you expect from a more expensive chair?

PL7902T

We call it the Polo: It's the chair that's simply resourceful, fitting different people, different needs, and even different rooms. Polo is available as a chair—with or without a headrest, and as an adjustable stool. All affordably priced to fit your budget. And it's made by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

Mesh Back

Mesh material allows for ventilation and the dissipation of body heat. Contoured back allows for natural seating position.

Lumbar Support with EZ Adjust Knob

Allows for easy adjustment of the lumbar support in depth to support the lumbar of each and every individual.

Upholstered Seat

Soft and plush, the comfortable seat lets you sit for longer hours. The waterfall front edge of the seat helps reduce stress to your legs.

Fully Adjustable Arms and Back

Infinite number of adjustable locking positions of the back angle for comfort which reduces stress on the body. Soft-padded armrests rotate, adjust in height and width, and lock easily into position.

comfortable
seating shaped for you

Imagine a chair designed for your maximum comfort—fitted to your body at a price that fits as well. We not only imagined it, but gave it form in our Viper Chair.

Clean. Sharp. Simple. The Viper Chair celebrates the individual, following the lines and shapes of your body. These ergonomic roots are matched by aesthetics that make the Viper Chair, in one word, exceptional.

The Viper is the Valo philosophy come to life—style, comfort and value intricately woven to create furniture that works for you.

- 

Mesh Back
Contours and supports the back for maximum ergonomic support. Mesh material allows for ventilation and the dissipation of body heat.
- 

Fully Adjustable Arms
Armrests with soft arm pads can be adjusted into a number of positions from width to height and they even rotate.
- 

Adjustable Lumbar Support
The lumbar support allows for easy adjustment according to your comfort and is visually concealed to give the chair a clean, simple, modern look.
- 

Adjustable Back
The backrest angle and tension can be adjusted for your comfort—and to reduce stress on the body.
- 

Upholstered Seat
Soft and plush, the comfortable upholstered seat provides longer hours of comfortable sitting. The waterfall front edge of the seat helps reduce stress to your legs.

The Office Cheerleader

that keeps everyone engaged

Vida is a striking task chair that has a very comfortable sit to make your time in the office productive and focused to complete the work at hand. This delightfully charming chair with its "V" back flexes with you as you move and is height adjustable. Standard with fixed arms, upholstered seat and mesh back, Vida is an uncomplicated chair that will make a great choice for a conference chair.

Vida will bring to the office a hip, hip, hooray design that will help you create an environment where everyone champions success. Also, the optional replaceable slip cover for back or seat will let you complement any color scheme to meet your specific needs.

Intuitive Motion Back

Offers support for the user laterally when moving in the seated position and the tension can be adjusted with more or less resistance to ensure maximum support.

Height Adjustable

Allows for the ideal adjustment of the chair to enable maximum comfort that meets the specific needs of the user.

Upholstered Seat

Helps reduce stress through the soft and plush waterfall seat that enables you to sit for longer hours.

luxuriously leather soft
 luxuriously leather strong

When you first see the Luxo, you'll notice its obvious good looks—the professional styling and appealing profile. And then you sit in it. You feel how soft it is. Supple. It's not just comfortable. It is luxurious. Like leather, but much more durable and affordable.

We call it *LeatherSoft* upholstery, a revolutionary new material that gives you the elegance and feel of leather, without the cost and maintenance. Woven together with the smooth action seat mechanism and the 3 point pivot arms the comfort experience is unparalleled. It's another innovation brought to you by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

LeatherSoft

This luxurious upholstery is softer and more durable than leather, and requires less maintenance.

Contoured Back

Provides the ultimate in lumbar and back support.

Molded Seat with Waterfall Front

The molded seat includes a knee-tilt mechanism, ensuring all-day seating comfort and allowing your feet to remain on the floor even as you recline. The waterfall front edge reduces leg pressure.

Arms of Steel

The steel arms have a 3 point pivot action for ideal arm support no matter what position the seat is in; the soft polyurethane arm pads ensure arm comfort while protecting the chair and table when not in use.

Strength 24/7

comfort, 400 lbs performance

If you're looking for a chair designed for maximum comfort and built with industrial strength components, Magnum is the chair for you.

The reinforced version of the original Viper chair, the Magnum is capable of comfortably holding 400 pounds for 24-hours 7 days a week. A chair designed with larger and bigger requirements than what the industry currently expects.

Clean. Sharp. Simple. Magnum celebrates the individual, following the lines and shapes of the body. The unmatched soft upholstered seat and fully adjustable lumbar support far surpass your comfort needs. The ergonomic roots are matched by aesthetics that make the Magnum suitable for office, operational and industrial use.

Mesh Back

Contours and supports the back for maximum ergonomic support. Mesh material allows for ventilation and the dissipation of body heat.

Fully Adjustable Arms

Armrests with soft rotating arm pads can be adjusted into a number of positions. Arms can easily be removed for larger users.

Adjustable Lumbar Support

The backrest angle and tension can be adjusted for your comfort. The lumbar support assists to reduce stress on the body.

Industrial Strength

Greatly strengthened components enable the chair to be used in extreme conditions. This chair is built for longer hours and larger loads.

Upholstered Seat

Soft and plush, the comfortable upholstered seat provides longer hours of comfortable sitting. The waterfall front edge of the seat helps reduce stress to your legs.
